

NEW RESEARCH OPPORTUNITY

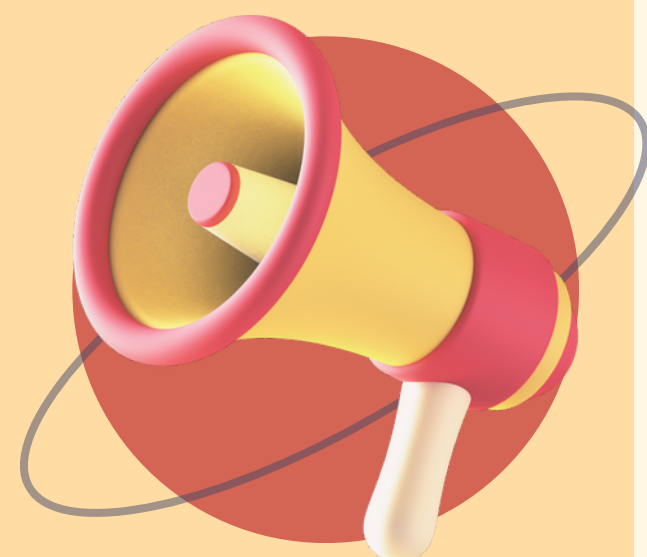

ARE YOU A FAMILY MEMBER OR FRIEND PROVIDING END-OF-LIFE SUPPORT FOR PEOPLE LIVING WITH HIV?

WE WANT TO HEAR FROM YOU!

This study explores the experiences of family and friend caregivers who provide end-of-life support to older adults living with HIV.

We want to learn about:

- Day-to-day caregiving experiences
- Navigating healthcare and support systems
- Challenges, barriers, and sources of strength
- What supports caregivers need most

Your insights will **help inform more inclusive, compassionate, and effective care** for caregivers and the people they support.

Who Can Participate?

- Adults (**18+**) who provide unpaid care to an older adult with HIV in Ontario
- Identify as a **caregiver** (such as a family member, friend, partner, or non-biological support person)

What To Expect?

- If eligible, you will be invited to participate in a **confidential interview** (approximately 1 hour). Interviews can be in person or online.

If you are interested or want to learn more, send us an email!
